1.5 x 10 m - Fixatex (20) - 7 packages
2 x 10 m - Fixatex (20) - 9 packages

In windy areas, it is worth fixing the privacy screen more densely for a more secure hold. We recommend that you attach the fasteners to a stake, column or rigid support, such as a balcony railing or net. Privacy screens are not a substitute for a fence, and their use requires a support system of the same height.
