

ECHELLE BAMBOO

Bamboo ladder stake

100% VEGETAL ORIGIN

In a constant concern to develop eco-responsible solutions, Nortene presents its ladder stakes made of natural bamboo. These staking supports thus make it possible to combine business with pleasure since their use gives a rustic and natural touch to your garden while representing a help for the planet.

Benefits

To be used as a support for climbing plants in pots or to put on the wall. To prick directly into the ground.

Characteristics

Made of bamboo rods. 100% natural. Without treatment.
