

NORTENE®

TRELLINET COMPOST

Compostable trellis netting made of cellulose

100% natural trellis netting.

Benefits

Made from cellulose.
 100% natural and 100% compostable product.
 It offers a sustainable alternative to plastic trellises.
 Environmentally friendly and gentle on plants.
 Durable, can support the weight of larger vegetables (e.g. zucchini).
 Ideal for better growth and easier harvesting.
