

ANTIHERBAS GEOTEX

Mulch fabric

Looking for an effective and good-looking solution against weeds? Don't want to weed out manually for hours? Dislike chemicals and pesticides? This geo-textile prevents weed growth!

Benefits

Are you looking for an effective solution without pesticides against weeds? The Geotex mulch can be cut according to the size of your garden and your needs.

Characteristics

80 g/m2 polypropylene and PE fabric. Air permeable.
