

SUNNET KIT POLYESTER

Waterproof shading sail

Affords protection from sun and rain. Strengthened sides and rust-proof rings at each corner. Quick to install, it is advisable to keep it taut and slightly tilted in order to prevent a build-up of water and leaves on the top.

Benefits

Easy to install thanks to reinforced edges and stainless-steel corner rings. Install taut and at a slight angle to prevent rainwater and leaves from collecting; remove during severe storms or in winter.

Characteristics

Waterproof polyester fabric, reinforced at the sides, with metal rings at each corner and fixing rope.
316 stainless steel rings.
Anti-UV treated.
Weight: 165 g/m².
90% shade factor.
UPF rating: 30+.
Available in beige, blue, pistachio green and taupe.
Includes 1.5 m installation ropes.
