

WALLFIX

Accessory for wall panel installation

Do you want to change the look of a wall in your house? With this accessory and any panel from our range (PRIVAT, CLASSIC, MOSAÏC, NAUTIC or MOON) you can give it a new and sophisticated look.

Benefits

Accessory for the wall installation of our entire range of panels. Ideal as a support for climbing plants or simply as a wall decoration. Versatile accessory that can be integrated into any panel, thanks to its transparent color.

Characteristics

Material: polycarbonate. Transparent color. With anti-UV treatment. The pack contains: 4 spacers, 4 fixing clips, 4 stainless screws and 4 plugs. It is necessary 4 units for the installation of a 1x1m panel and 8 units for the installation of a 1x2m panel.
