

TERRAPIC

Ergonomic securing nails

TERRAPIC ergonomic securing nail, with its wide contact area limits the risk of tearing the natural felts and mulch.

Benefits

Its particular shape allows it to be pushed into the soil quickly and easily. Its wide support area limits the risk of tearing. Strongly resistant to being pulled out, TERRAPIC holds the mulching sheets and felts perfectly in place. Easily repositionable.

Characteristics

Galvanised steel. 4 mm wire zig zag. Length 20 cm. Head diameter 6 cm. Pack of 10.
