

VERTICAL TUNDRA

Vertical garden moss imitation

A natural-looking vertical garden inspired by the exclusive look of moss. Synthetic leaves attached to a mesh grid. The units are joined together to form a continuous surface. The plastic base can be cut with scissors. Suitable for both indoor and outdoor use.

Benefits

Achieve a highly natural aesthetic with our decorative panel crafted from synthetic foliage, reinforced by a semi-rigid plastic mesh. Our EXCLUSIVE Nortene pattern artfully blends two shades of green moss with lifelike leaves, imitating the exquisite vertical gardens created by skilled gardeners. This panel is effortless to install and boasts exceptional durability. It is suitable for both indoor and outdoor applications, offering UV resistance for added longevity.

Characteristics

- Material 100% polyethylene
